I hold a Bachelor's degree in Computer Science with experience in both web and mobile development, encompassing front-end and back-end technologies. I have a strong passion for UI/UX design, focusing on creating intuitive and user-friendly interfaces. I am currently seeking opportunities to grow professionally, embrace new challenges, and further expand my skills within the field of Computer Science.

EXPERIENCE

Army Soldier Register — Internship

Nov 2024 - Mar 2025

Full Stack Developer

- Developed a Mobile application for military personnel registration, enabling personal information verification, update requests, bill inquiries, and downloadable PDF statements.
- Developed a responsive Web dashboard featuring an overview page displaying soldier statistics, usage metrics, and total loan amounts.
- Implemented export functionality to allow users to download reports as Excel files.
- Designed and implemented a responsive UI optimized for diverse screen sizes across iOS and Android platforms.

Classifying Fruits and Vegetables with Machine Learning

2024

Final Project

- Developed a Mobile application using Flutter and PyTorch for real-time classification of 9 fruits and vegetables.
- Built a backend system with Django and PostgreSQL to efficiently manage user data.
- Implemented features allowing users to view nutritional details, save favorite items, and explore related recipes.

Sentiment Analysis

2024

Team Project

- Developed a Mobile application for real-time sentiment analysis of user-inputted text.
- Integrated an external API to classify emotional tone into positive, negative, or neutral categories.

Sleep Efficiency Prediction

2023

Team Project

- Collaborated with a friend to analyze lifestyle factors (e.g., caffeine, alcohol, smoking, exercise) and predict sleep efficiency.
- Used Python in Jupyter Notebook to clean, process, and visualize data through various graph formats.

SKILLS

- Programming Languages Dart, CSS, HTML, Python, C, JavaScript, SQL
- Frameworks & Libraries Flutter, React Native, VueJS, NodeJS
- Database MySQL, PostgreSQL
- Tools & Technologies Git, Android Studio, Figma

EDUCATION

Bachelor of Science in Computer Science

2021 - 2025

Kasetsart University, Kamphaeng Saen Campus, Thailand

GPAX : 3.43 | Second Class Honours
